# Picolon Confort&Confort 2F2DO

## DESCRIPTION

- Industrial protective glove with a knit wrist.
- Synthetic filaments knitted glove covered with dots.
- 2 versions: dots on the palm and dots on both sides with thumb and forefinger opened (2F2DO).
- 4 sizes available: 7, 8, 9 and 10 (11 for Picolon confort).
- Trade unit : 10 pairs, 300pairs in a transit case.

## **CHARACTERISTICS**

- Glove knitted with a seamless non-stop process. •
- Textile liner made of high elasticity polyamid thread.
- Dots on palm and fingers for the standard version, on both sides of the hand for 2F2DO version.
- · Fine, stretchable and comfortable stitches.

## PERFORMANCES

- · Excellent dexterity.
- · Good grip properties thanks to the dots.
- Good resistance to abrasion and small blade cut hazards.
- · Lint-free glove.
- In compliance with standards EN420 (General requirements) and EN388 (Mechanical risks) by the notified laboratory Institut Français Textile-Habillement.

#### APPLICATIONS

Ideal for handling and assembly of slightly sharp and slippery objects.

#### LIMITATIONS

- Do not use for handling liquids and pointed objects.
- Do not use with a rotating machine in which glove may get caught.

S

This glove is certified to comply with the essential requirements of European Directive EEC/89/686 of December 21rst, 1989 relative to personal protective equipment submitted to CE type examination issued by a notified laboratory, who certifies the conformity of this glove with the EN standards to which it responds and certifies the performance levels obtained during tests.
