

ANTI-SPATTER SPRAY

Product Code: PBS

PRODUCT DESCRIPTION

Anti-Spatter Spray is an anti-adhesion safety product for use when using arc-welding equipment. Prevents "projections" sticking on to all treated surfaces. Suitable for protecting nozzles, weld units and tools intended for arc-welding processes. Free of silicone, this product enables welding work to be carried out on parts designed to be painted. Very fast drying and completely non-flammable (no explosion risk).

PRODUCT USE

- * Shake aerosol can before use.
- * Spray directly onto parts to be treated (nozzles, units etc.).
- * Allow to dry for a few moments and proceed with welding.
- * Surfaces can be cleaned with a white spirit-type petrol-based solvent.

FEATURES

- * Anti-adhesion product for arc welding.
- * Prevents the adhesion of "projections" on all treated surfaces.
- * Suitable for protecting nozzles, weld units and tools.
- * Silicone free.
- * Very fast drying.
- * Completely non-flammable product (no explosion risk).

PACKAGING

400 ml net aerosol

ORDER CODE

PBS400
