

Blake Cable Dispensers

WF100/125 & WF125/165

CABDISPO2/CABDISPO3

Product Codes: *CABDISPO2* (Single Reel), *CABDISPO3* (Twin Reel)

Blake UK cable dispensers are designed to make handling reels more efficient on-site, in vans, or in workshops. Built from durable steel, these stands offer a tidy, tangle-free solution for managing cable reels.

While originally intended for coaxial cable (WF100/125/165), these dispensers are also compatible with fibre drums and other similar reel types, offering flexibility across various cable-handling needs.

Product Overview

CABDISPO2 holds a single reel up to 410 mm diameter and 205 mm wide. CABDISPO3 holds two reels side by side, each up to 410 mm diameter and 205 mm wide.

Both include:

- Moulded carry handle for portability
- Galvanised steel finish for rust resistance and long-term durability
- Open-frame construction for easy loading and operation
