

MP130

**RoHS
Compliant**

Product overview

This product is suitable for applications where fumes are produced such as smoke, peculiar smells, dust, poisonous and harmful gas, soldering, laser marking & carving, printing, and medical care, etc. With the triple-filter design and powerful suction, the absorbing efficiency and filtration ratio can reach 99.97%. The purified air can be discharged directly indoors.

Features

- The body features a durable metal frame structure.
- High-performance brushless fan, large air volume, high negative pressure, smooth operation, and a low failure rate.
- The push-button version allows for the adjustment of wind volume, while the switch version can be operated by powering on and pressing the on/off key.
- Aluminum alloy impeller: excellent balance, high air volume, and low noise.
- Composite filter element with high filtration precision:
- Brushless motors offer stable performance and a long lifespan.
- A filter with a modular structure allows for simple and quick replacement.
- Standard configuration: 0.5M black diameter, 55MM universal suction arm.
- The universal suction arm can hover freely at any position within a 360° range, offering high flexibility.
- Power-on functionality can be utilized without the hassle of installation.

Specifications

Model	MP130
Power	AC100-240V 30W
Absorption Capacity	0.3µm 99.97%
Weight	2kg

Part Number Table

Description	Part Number
Fume Extractor, 30W	MP130
Duct, Φ55*0.5M	
Primary Filter, 5pcs/set, 165*165*3mm	
Suction Bell Φ50	
Main Carton Filter, 168*168*30mm
