

SAMSUNG

Galaxy A17

A new standard in business essentials

The Samsung Galaxy A17 5G and A17 4G redefine entry-level devices with an elevated experience for modern professionals. As your gateway into the A Series range, you'll enjoy enhanced reliability, cutting-edge display quality, the power of AI with Gemini Live¹, and the business-ready benefits of Enterprise Edition.

Built to endure daily business use, the long-lasting 5,000mAh battery² keeps you going through the day. Corning® Gorilla® Glass Victus and IP54 water and dust resistance³ provide extra durability. Thinner than its predecessors⁴, the A17 boasts it boasts a 6.7" Super AMOLED display with super slim bezels. Add in a super-smooth 90 Hz refresh rate to the mix, and productivity has never looked so good. The integration of Gemini Live¹ ensures smarter workflows and effortless collaboration. Plus, Samsung Knox security safeguards your critical business data.

Never be without a device for long

Work from your mobile device with more confidence, thanks to Enterprise Edition support—including a 3-year warranty and a next-business-day replacement service.⁵

Work confidently knowing you have total support. With the Galaxy A17 5G or A17 4G Enterprise Edition, you can enjoy 3-year warranty for a lower total cost of ownership and added peace of mind. Plus, you get doorstep repair and next business-day doorstep exchange.⁵ So, if you experience a manufacturer defect on your device, you can expect one of similar grade on your doorstep the next business day, helping you get back up and running fast.

1. Compatible with select languages only. Google account login and network connection required. Google and Gemini are trademarks of Google LLC. Samsung account login is required for certain AI features. 2. Typical value tested under third-party lab conditions. Rated minimum capacity is 4905mAh. 3. Galaxy A17 5G and A17 4G are rated as IP54. Based on lab test conditions, the device is sprayed by 10 litres of fresh water per minute for 5 minutes at all angles. Not advised for beach or pool use. Water and dust resistance of device is not permanent and may diminish over time due to normal wear and tear. 4. Based on A16 model. 5. Next Business Day (NBD) available with valid warranty claim, if booked with the Samsung Business Service Centre (BSC) before 2pm on a business day. Doorstep Exchange with Samsung gold stock. Excludes accidental damage. T&Cs apply

Power that keeps up with you

Charge through the working day with a phone that just keeps going.

The Samsung Galaxy A17 5G and A17 4G feature a 5,000mAh¹ battery that delivers plenty of power to keep you connected through meetings, updates and team collaboration. And with Super Fast Charging², you'll be back to full speed in no time.

The power to perform

Make light work of even the most complex list of tasks with a single voice command or text prompt.

Take the stress out of your workday with Gemini³, now available on the Galaxy A17 5G and A17 4G. With just a single voice command or text prompt, Gemini³ can seamlessly complete multiple actions across apps. Need to provide extra context? With Gemini Live³, share your screen or camera view to brainstorm, research, create, and collaborate effortlessly. The Galaxy A17 brings advanced productivity to the foundation of business-ready devices. And it's all powered on the A17 5G by an Exynos 1330 processor and Helio G99 on the A17 4G.

Crystal clarity, even under harsh light

See your work in greater detail with a screen that brings everything to life.

Your work has never looked so good. The Galaxy A17 5G and A17 4G's large 6.7" FHD+ Super AMOLED display is perfect for reviewing presentations or watching a movie on your commute. The Galaxy A17 5G and A17 4G are also designed with outdoor visibility in mind thanks to it being High Brightness Mode⁴.

Sensitive data stays where it belongs

Keep business-critical data completely isolated within the highly secured Knox Vault.

When it comes to the most sensitive of business data, you don't want to take any chances. That's why we offer Knox Vault⁵ a tamper-resistant, secure subsystem that entirely isolates your data from the rest of the device. This gives you the highest level of protection and ensures no one can take advantage of vulnerabilities within other apps.

1. Typical value tested under third-party lab conditions. Rated minimum capacity is 4905mAh. 2. Fast charger sold separately. 3. Compatible with select languages only. Google account login and network connection required. Google and Gemini are trademarks of Google LLC. Samsung account login is required for certain AI features. 4. 800nits. 5. Valid Samsung Knox Account required. One year of Knox Suite Enterprise Plan is included in the first purchase of a 2 year or 3 year Knox Suite Enterprise Plan license key.
