# SIP 5 TON ELECTRIC LOG SPLITTER

**POWERFUL ELECTRIC LOG SPLITTER WITH 5 TON HYDRAULIC SPLITTING FORCE**

## PRODUCT OVERVIEW

The **SIP 5 TON Electric Log Splitter** is a heavy-duty log splitter which features a hydraulic piston ram with 5 TON of continuous force to split logs safely and efficiently. Designed for home use and landscaping applications, this large capacity splitter is ideal for dried softwoods and hardwoods.

This log splitter has a horizontal design enclosed with a high-quality safety cage mounted on solid wheels for easy mobility. A 230v (13A) input supply ensures this splitter can be used in a variety of environments.

Sold separately, the SIP 5 TON Log Splitter Stand (01972) raises the splitter to a workable height when a bench is not available.

## FEATURES & BENEFITS

### ✓ **ELECTRIC SPLITTER WITH HYDRAULIC PISTON RAM WITH 5 TON OF CONTINUOUS FORCE FOR RELIABLE & EFFICIENT LOG SPLITTING**

Delivers continuous splitting force of 5 TON under a hydraulic pressure of 20.6MPa.

Large log capacity of Ø 50mm - 250mm x 200mm - 520mm log length.

### ✓ **HORIZONTAL CONFIGURATION WITH SAFETY CAGE HELPS TO MAXIMISE USER SAFETY**

Integrated safety cage increases user safety by restricting access to the splitting system when in use.

The horizontal configuration is mounted on 2 solid wheels and foot for added mobility and versatility.

An integrated handle makes the splitter easier to position.

Further enhanced safety via a fitted NVR switch.

### ✓ **AUTOMATIC RETURN OF SPLITTING WEDGE FOR MORE EFFICIENT LOG SPLITTING**

The log splitting wedge automatically returns to the starting splitting position after each use.

This increases efficiency by ensuring logs can be split quicker as there is no requirement for a manual reset.

**THIS PRODUCT COMES WITH AN SIP 2-YEAR SILVER WARRANTY\***

# SIP 5 TON ELECTRIC LOG SPLITTER

## FEATURES & BENEFITS CONT.

### ✔ COMPATIBLE WITH SIP 5 TON ELECTRIC LOG SPLITTER STAND

Sold separately, the SIP 5 TON Electric Log Splitter Stand (01972) raises the splitter to a workable height when a bench is not available.

## APPLICATIONS & USES

IDEAL FOR SPLITTING SOFTWOOD & HARDWOODS

SUITABLE FOR HOME USE & LANDSCAPING APPLICATIONS

ITEM NO.	01976
INPUT SUPPLY	230v (13A)
MOTOR POWER	2.2kW (3hp)
SPLITTING FORCE	5 TON
HYDRAULIC PRESSURE	20.6MPa
HYDRAULIC OIL CAPACITY	3.5ltr HV22 hydraulic oil
LOG CAPACITY	ø 50mm - 250mm x 200mm - 520mm length
NOISE LEVEL (LpA)	89.8dB(A) full load / 78.8dB(A) no-load
NET WEIGHT	50kg
GROSS WEIGHT	54kg
PRODUCT DIMENSIONS	
PACKAGED DIMENSIONS	510(H) x 940(W) x 330mm(D)
