Product Change Notification

Current Date: 20-Nov-2025

TE Connectivity

Product Change Notification: PCN-25-260689

PCN Date: 04-NOV-25

Customer: Premier Farnell UK Ltd (PFUK) (101113)

Location: Leeds

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

Product Description: (Text limited to 120 characters)
Selected Circuit breaker of product family W33 / W23&W31 / W6&W9

General Description of Changes

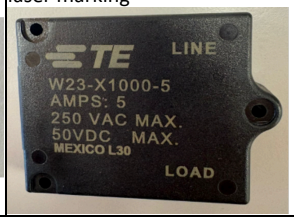

Dear Valued Customer, you are receiving this notice because TE Connectivity's records indicate that you have purchased one or more parts listed below within the past few years. We would like to notify you of an upcoming specification change to the listed parts. The marking on the product will transition from ink pad printing to laser marking. This change is being implemented because pad printing poses environmental and health concerns, including VOC emissions (emission of volatile organic compounds), hazardous solvents, and potential chemical migration. Laser marking, on the other hand, is an eco-friendly alternative that provides equivalent reliability and visibility. If you require further information or clarification, please refer to the attached presentation and/or contact your TE representative. Thank you.

Ink pad marking

laser marking
