

# **DURATOOL**

**Dual Function Bench Fan & Solder Smoke Absorber**  
**Model: D03288**

## IMPORTANT SAFETY INFORMATION

**Read all instructions before using the appliance and retain for future reference.**

- When using electrical appliances basic safety precautions should always be followed.
- Check that the voltage indicated on the rating plate corresponds with that of the local network before connecting the appliance to the mains power supply.
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory, or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
- This appliance contained no user-serviceable parts. All repairs should only be carried out by a qualified engineer. Improper repairs may place the user at risk of harm.
- Do not operate the appliance with a damaged plug or cord, after a malfunction or after being dropped or damaged in any way.
- Ensure there is sufficient space and ventilation around the appliance to allow the escape of heat and or fumes.
- Do not expose to rain or moisture.
- Do not use the appliance for any purpose other than that for which it is designed.

## PRODUCT OVERVIEW

- Dual function: It can be used as a bench fan or as a solder smoke absorber.
- The fan is designed to sit on a desktop or can be hung from a support beam.
- 2 carbon filters are included.
- Low noise and long life service fan.

## OPERATION

- Position the fan as required.
- If using the bench fan function, face the front side towards you.
- If using the smoke absorber function, make sure the carbon filter has been inserted, and face the reverse side towards the solder smoke.
- Plug the fan into a mains power outlet.
- Activate the on/off Switch.
- To change the fan speed adjust the speed control from low to high.

## SPECIFICATION

Power	220-240V~50Hz 23W
Absorption capacity	0.2-1M <sup>3</sup> /minute(Max)
Airflow volume	0.2-1.2M <sup>3</sup> /minute(Max)

## INFORMATION ON WASTE DISPOSAL FOR CONSUMERS OF ELECTRICAL & ELECTRONIC EQUIPMENT.

When this product has reached the end of its life it must be treated as Waste Electrical & Electronic Equipment (WEEE). Any WEEE marked products must not be mixed with general household waste, but kept separate for the treatment, recovery and recycling of the materials used. Contact your local authority for details of recycling schemes in your area.
