

Bench Soldering Fume Absorber 230V
Model: D00374 and D00375

Please read these instructions carefully before use and retain for future reference.

IMPORTANT SAFETY INFORMATION

When using electrical appliances basic safety precautions should always be followed.

- Check that the voltage indicated on the rating plate corresponds with that of the local network before connecting the appliance to the mains power supply.
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory, or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
- This appliance contained no user-serviceable parts. All repairs should only be carried out by a qualified engineer. Improper repairs may place the user at risk of harm.
- Do not operate the appliance with a damaged plug or cord, after a malfunction or after being dropped or damaged in any way.
- The supply cord cannot be replaced. If the cord is damaged the appliance should be scrapped.
- Do not expose to rain or moisture.
- Do not use the appliance for any purpose other than that for which it is designed.

PRODUCT OVERVIEW

- D00374 is designed to sit on a desktop.
- D00375 has an adjustable arm and can be clamped to a bench or desk (up to 80mm.)
- Active carbon fibre filters are included. See our website or catalogue for additional replacement filter multi-packs.
- Low noise and long life service fan.

OPERATION

- Ensure the carbon filter has been inserted by un-clipping and lowering the guard and placing the filter against the louvres and closing the guard.
- Plug the fan into a mains power outlet.
- Activate the on/off switch on the top of the unit and face the shrouded side towards the solder smoke.
- The angle can be adjusted by loosening the locking wheels at each side and tilting the fan as required then re-tighten the locking wheels.
- Under regular use, replace the filter every month. Replacement filters are available, see our website or catalogue.

SPECIFICATION

Power	220-240V~50Hz 23W
Dimensions H x W x D	220 x 270 x 160mm (D00374 only)
Weight	1.6kg (D00374) / 2.6KG (D00375)

INFORMATION ON WASTE DISPOSAL FOR CONSUMERS OF ELECTRICAL & ELECTRONIC EQUIPMENT.

When this product has reached the end of its life it must be treated as Waste Electrical & Electronic Equipment (WEEE). Any WEEE marked products must not be mixed with general household waste, but kept separate for the treatment, recovery and recycling of the materials used. Contact your local authority for details of recycling schemes in your area.
