

Reference: DURA-EOL26.15-DG57CM (Alt)

Date: 15th May 2026

Overview:

Due to ongoing material shortages and manufacturing constraints affecting the DG57CM series, Durakool is no longer able to support continued production of this product range. As a result, we are issuing an End of Life (EOL) notice for the **DG57CM series of automotive/electric vehicle relays**.

Despite best efforts to secure long-term component supply, the availability of key materials has become increasingly limited, making future manufacture unsustainable. Durakool remains committed to supporting customers through this transition and will provide guidance on suitable replacement solutions.

Product(s) Affected: Durakool Part Number

DG5CM-5021-35-****-***	DG57CM-5021-36-****-***
DG57CM-5021-75-****-***	DG57CM-5021-76-****-***
DG57CM-5021-95-****-***	DG57CM-5021-96-****-***

Note:

"****" denotes coil voltage options and applies to all configurations within this series.

"***" denotes bracket & coil suppression options and applies to all configurations within this series.

Recommended Alternatives:

Durakool offers the **XXX series relay** as a suitable replacement. While some differences in form, fit, and function may apply, these products incorporate updated design features, improved performance characteristics, and long-term component availability. Your local Durakool representative can provide detailed cross-reference guidance and technical support for a smooth transition.

Timeline:

Effective Date:	15 th May 2026
Last Order Date:	5 th June 2026*
Last Shipment Date:	31 st December 2026

After the last order date, the **DG57CM series** will no longer be available for order.

After the last shipment date, the **DG57CM series** will no longer be available for delivery.

*LTB availability is not guaranteed due to ongoing supply limitations. However, best efforts will be made to support customer requirements. Any corresponding LTB PO's are NCNR.

Next Steps:

While no formal response is required, we encourage customers to begin planning for product transition as early as possible to ensure uninterrupted operations. For technical support, cross-referencing assistance, or commercial guidance, please contact your Durakool sales representative.

Durakool remains committed to providing reliable, innovative solutions and supporting our customers through every stage of their product lifecycle.
