

Spatial Anchor S1

PID: MIKROE-7038

Spatial Anchor S1

Ultra-compact spatial tracking device designed for mounting on physical objects, enabling precise real-time object tracking within immersive spatial computing environments powered by Apple Vision Pro.

Compatible with

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
ISO 14001: 2015 certification of environmental management system.
OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
