General Description of Changes

Please note the change in the origin of the connector. Production and processing need to use the new connector. The product specifications, performance, and UL standards have not changed.

Existing Connector	New Connector

Reason for Changes:

The connector is being changed to improve the product and reduce the risk to connector supply capacity under huge demand. We will strive to maintain production and continue supplying our products. This change follows a strict procedure to fully maintain the quality, supply capacity, and form-fit-function of the related products.
