General Description of Changes

The Industrial and Commercial Transportation business unit of TE Connectivity is transferring the following part number(s) from a TE warehouse located in NC, USA to TE approved supplier located in PA, USA. The transfer project will be phased in gradually over the next 6-18 months. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days (or per contract with TE) of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. This PCN is a continuance of PCN-24-219068.

Reason for Changes:

Dear Customer, we hereby inform you of the manufacturing location change because when the supplier in RI, USA closed, all tools were stored in TE warehouse since a new supplier had not been defined. We apologize any inconvenience this has caused. This transfer project will be phased in gradually over the next 6-18 months. IMPORTANT: Product from the new supplier are the same as the previous supplier and does not impact product performance. Shipments from previous and new supplier may be mixed.
