

TE Connectivity

Product Change Notification: P-26-030490
Customer: Newark Electronics (167839) Location: Chicago PCN Date: 10-JUN-26
Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Microdot Circular Products

Description of Changes
Dear Customer, As part of our continuous effort to improve our processes and ensure reliable supply performance, we hereby inform you of a change in the plating supplier for selected circular MicroDot products. This transfer is executed following a strict qualification and validation procedure, ensuring no negative impact to quality, form, fit, function, reliability, or the ability to supply the affected products. All applicable product specifications, customer requirements, and industry standards remain unchanged.

Reason for Changes:
Product improvement.The new plating supplier operates under a certified quality management system in accordance with standard industry requirements. Prior to shipment of any production parts, internal approval and release activities based on TE Connectivity specifications have been successfully completed. These actions confirm that product performance is fully maintained. We remain committed to delivering consistent quality and performance and do not anticipate any impact to our customers as a result of this change.
