General Product Description:
040 MULTILOCK PLUG 12P (174045-2/-4/-5) Change Packaging Form

Description of Changes
Following packaging changes will be made for parts produced from TE Thailand Manufacturing Plant to optimize the packaging form. 16 small air cap bags are replaced with 1 large poly bag, remove inner box and urethane sheet, add air cap sheet. Qty/box unchanged. Change carton size from 477Lx309Wx305H to 395Lx295Wx300H. Reduce box weight from 5.80kg to 5.10kg. To align with TE Greensboro and TE China packing method. No change to product form, fit and function. An internal release based on our specifications will be executed before any parts will be delivered. PPAP will not be submitted since there is no change to product form, fit and function. PCN is considered accepted if we did not receive any response within 90 days of this PCN issued date. Change will be implemented on First Date To Ship. If you have any technical questions, please contact Wichanee <wichanee.tm@te.com>. If you have any questions relating to delivery and switchover timing, please contact your TE sales representative.
