

Product Change Notification

Dear Customer,

Please be advised that we recently recieved a compliance notice from one of our suppliers, Yangjie, regarding regulatory considerations for sales in Europe.

The European Union has placed sanctions on Yangjie surrounding the ongoing conflict between Russia and Ukraine. Until a redesign can be completed or the sanctions are lifted, our PXU PID controllers will be affected and thus cannot be sold into Europe. This also applies to machines that use our PXUs that ultimately get sold into the EU as well.

Effective immediately, all European orders for PXU PID controllers will be held until one of the two potential resolutions stated above are reached. The units impacted are below:

Units Impacted
