TE Connectivity

Product Change Notification: PCN-26-282911

PCN Date: 25-JUN-26

Customer: Premier Farnell UK Ltd (PFUK) (101113)

Location: Leeds

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

Product Description: (Text limited to 120 characters)

STANDARD POWER TIMER CONTACT

General Description of Changes

Dear Customer, Tin (Sn) plating has been introduced in Crimp zone area for below Part Numbers to standardize crimp zone of Standard Power Timer Contact System. There might be changes in visual appearances in the crimp area of the part as shown below. The visual difference in the crimp area has no impact on the function, reliability, or processing of the product. Internal process and quality is ensured by TE.

Visual/appearance changes observed.

Reason for Changes:

Plating standardization.
