

Product Discontinuance Notice – End of Life (EOL)

PDN #: PDN26-0093		Rev: 1.0	Issue Date: June 19, 2026												
EOL title:		Swissbit products with legacy technology													
Type of notification:		EOL announcement													
Detailed Description: Swissbit hereby announces the discontinuation of legacy technology-based USB, SD and micro SD products utilizing Kioxia SLC and MLC flash components. The affected products are listed below and will be phased out of production in accordance with the purchase milestones defined in this notice. This discontinuation is driven by the supplier's End-of-Life (EOL) notification for Kioxia NAND flash component, combined with anticipated limitations in long-term Kioxia manufacturing capacity availability. Swissbit recommends migration to the designated replacement products. <table><tr><th>Milestone</th><th>Date</th></tr><tr><td>Official announcement to customer</td><td>June 19, 2026</td></tr><tr><td>Last time buy (LTB)</td><td>September 30, 2026*</td></tr><tr><td>Last time ship (LTS)</td><td>June 19, 2027</td></tr></table> * Due to limited NAND supply for these items, we kindly request your estimated LTB forecast as soon as possible so that we can determine our support plan. Please note that the LTB quantity cannot be fully guaranteed and will be confirmed subject to our order acknowledgements.
