

miniMEDIA 10" Brush Panel

miniMEDIA 10"1U Brush Panel (MBRUSH/10)

This brush panel for 'half rack'/10" cabinet installations allows patch cords to pass seamlessly in either direction. Cable entry is kept tidy, dust ingress minimised and airflow largely maintained as a benefit of the high density nylon brush strip. Larger openings can be managed easily by simply combining 2 panels.

Features

- Give a tidy appearance to the opening; unmanaged cables at the rear can be hidden
- Patch cords and system cables can be easily accessed at the front of the rack
- Restricts dust and avoids disruption of airflow
- Strong metal construction
- Single sided brush design allows two panels to be mounted adjacent to each other to provide a larger letterbox-style opening
- Supplied with a set of 4 caged nuts, bolts and washers

Specifications

- Weight: 138g (including primary packaging)
- Dimensions: 260x52x20mm (in primary packaging)
- Material: Steel
Brushes- Nylon
- Finish: powder painted black – RAL 9004
