

### WP-HV

The Single Gang HDMI and VGA Input Plate provides a professional and convenient in-wall connectivity solution for meeting rooms, classrooms and collaborative spaces. Featuring HDMI and VGA inputs with support for 3.5mm stereo audio, it enables a wide range of AV sources to be connected to presentation systems with ease. The HDMI port is fitted with a 150mm female-to-female fly-lead for quick and straightforward installation, while the VGA video and 3.5mm stereo audio connections terminate via a 15-pin screw terminal connector for secure integration. Available in both UK and EU single gang formats, the plate is offered in either a Pearl White or Brushed Aluminium finish to complement a variety of installation environments.

### FEATURES

- Single gang HDMI and VGA input plate
- Supports VGA with 3.5mm stereo audio
- HDMI port with 150mm female-to-female fly-lead
- VGA and 3.5mm stereo audio connections via 15-pin screw terminal connector
- Available in UK or EU single gang formats
