

WP-2HVU

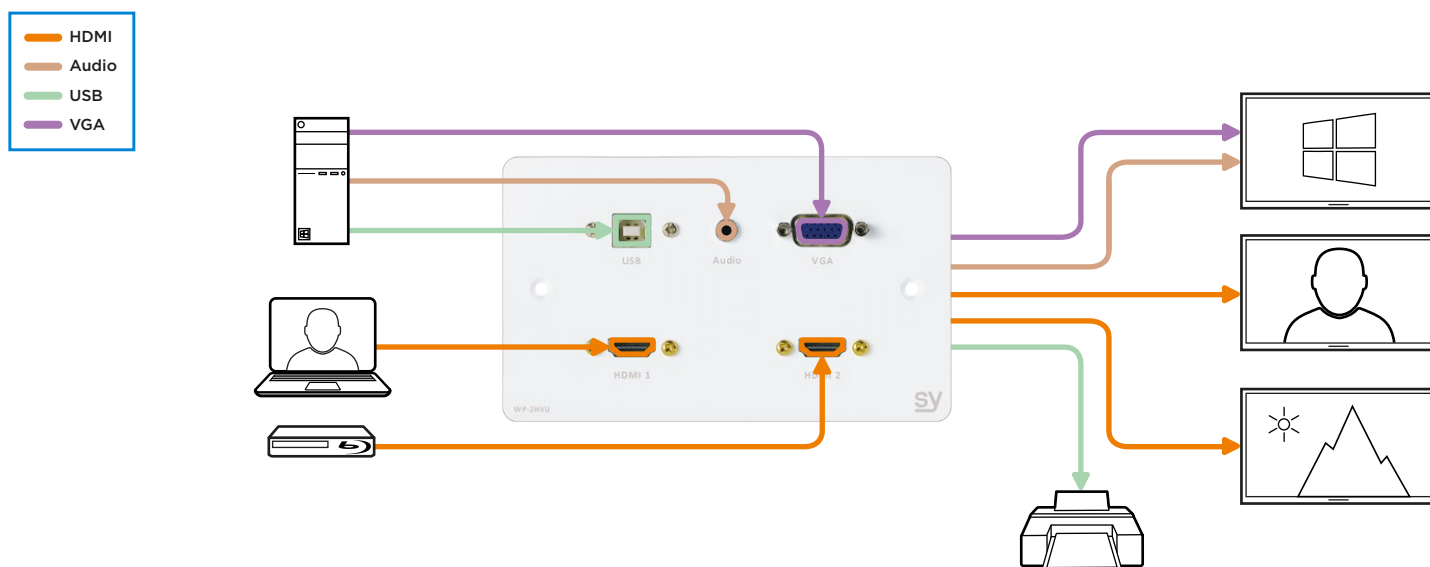

The Dual Gang 2x HDMI, VGA + 3.5 Audio Jack and USB-B Input Plate provides a versatile and professional in-wall connectivity solution for meeting rooms, classrooms and collaborative environments. Featuring two HDMI inputs, a VGA input with 3.5mm stereo audio, and a USB-B connection, it offers flexible connectivity for a wide range of AV sources and presentation systems.

Both HDMI ports and the USB-B port are equipped with 150mm female-to-female fly-leads for quick and straightforward installation, while the VGA video and 3.5mm stereo audio connections terminate via a 15-pin screw terminal connector for secure integration. Available in both UK and EU double gang formats, the plate is offered in either a Pearl White or Brushed Aluminium finish to complement a variety of professional installation environments.
