

Clicker 2 for TPM4L4A

PID: MIKROE-6734

Clicker 2 for TPM4L4A is a compact development board designed as a complete solution, allowing you to quickly build your own gadgets with unique functionalities.

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
ISO 14001: 2015 certification of environmental management system.
OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
