

Product Change Notification

Date Issued :	June 12, 2026	PCN Number :	518300
Reason for Change :	Equipment Transfer, Production Transfer or Rearrangement Capacity change or tool replacement		
PCN Subcategory:	EMR - Equipment/Tool Transfer		
Description of Change :	This notification is to inform you about equipment transfer that have been used to manufacture impacted part(s). Equipment have been moved to different site/ location/ premises along with some set of tooling is being added to meet the current and future demands of this product referenced below. No changes will be made to product as part of this change.		
Assessment of Change :	First Article Inspection		
Planned Implementation Date :	May 17, 2027		
Customer Sample Availability Date:	August 31, 2026		
Last date to request Samples by Customer : June 30, 2026			
Please note if Samples are not requested as per Customer Samples Request date, it may take additional 4-6 weeks to arrange Samples.			
Traceability Code Markings / Date :	Product made after planned implementation date can contain the change		

PCN OVERVIEW

- Molex decided to transfer the molds for 062 & 093 Dia HSG series which is currently running at Molex Singapore.
- In this initiative, Molex India will transfer molds for impacted FG parts as per the attached list under Engineering series # 3191, 1625, 1490, 1619, 2163 & 1396 series (*Refer Slide 3 for FG part number details*).
- In addition to this transfer, we are also adding capacity expansion for below mentioned part numbers series to meet the recent customer demand.

Capacity expansion-PN list

Material	Series
3091041	1490
3091042	1490
3092041	1490
3092042	1490
3091011	1619
3092011	1619
3091049	2163
3092049	2163
3091031	1396
3091033	1396
3092031	1396
3092032	1396

PCN DETAILS

- There will be change in sourcing location for raw materials and packaging materials within the same sources.
- The entire process is expected to get completed by Feb-2027. During this period, these housing part number under this scope may be shipped to customers either from the current manufacturing location in Molex Singapore or the new location in Molex India, Bangalore.
- Molex will manage the transition schedule appropriately to ensure quality expectations are met while maintaining ongoing deliveries.
- Packaging will clearly denote the manufacturing location of finished goods. There won't be any changes in DU/MLQ.
- Product Impact : No change in fit, form & function.
