TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

SECONDARY LOCK 10 WAY REC.

Description of Changes

This Product Change Notification (PCN) is applied exclusively to customers who purchase the component through TE Connectivity Brazil. We would like to inform you that the component TPA 493579-1, used in the assembly 493577-1/2 will be transitioned to an outsourced manufacturing process as new Manufacturing location as Dual source, in other words, the component will can be produced in TE Connectivity and also in the outsourced manufacturing supplier. Please note that the assembly PN 493577-1/2 will continue to be carried out by TE Connectivity. The only change is that TE Connectivity will now incorporate the component 493579-1 supplied by a certified external manufacturer, into the assembly process, but TE Connectivity will continue to supply these products to their customers.

Reason for Changes:

Document clarification. Dear customer, as result of our continuous strive for improving our process, we hereby inform you about a new manufacturing Sourcing (outsourcing). The new source is executed by following a strict procedure, which guarantees no negative impact on the function of the concerned products. Please after receiving this notification the PPAP must be requested by ePPAP System in 10 days, in case you do not request in ePPAP, TE will understand that this change was accepted.
