Product Category WIRE BASKET **2020618-4**

Product Group PATHWAYS & PIA

ISSUE DATE: 18-Jun-26

IMPACTED REGIONS: ☑ NA ☑ EMEA ☑ LATAM ☑ AP

REASON FOR CHANGE: ☑ DISCONTINUATION
☐ OTHER

DESCRIPTION OF CHANGE: (Required)

Part numbers will update to align with actual order quantities. The unit of measure (UOM) will change to KIT.
PNs ending in -L and -30 will use UOM Kit:
1 kit = 50 pieces (-L)
1 kit = 30 pieces (-30)
This change eliminates confusion caused by current UOM Piece, where:
1 piece" actually represents a pkg of 50pcs or 30pcs.
There is no impact to part production or performance. Quote the existing part numbers until inventory is fully depleted, then transition to the updated part numbers.

Replacement Type Definition

DIRECT REPLACEMENT	Exact same part in a different package size, or has any other update that doesn't change the product itself
COMPATIBLE	The replacement part is different in a way that allows it to be used for some applications, but it is not the same part. The difference can be in color, size, material, or performance (like *CAT5 to CAT6), etc.*
COMPLEX	The replacement part(s) are too dissimilar to assume it can easily replace the discontinued part, however Panduit can offer a replacement which may be used in certain applications. Customer Experience should be contacted.
NO REPLACEMENT	No replacement product is available.
