Product Change Notification – 2026/15

Product Line:	**XLR**	Part No:	**NC*M***

Piece Part:	Chassis	Part No:	1028097

Engineering Change Request:	2026-1466	Date:	16 Jul 2026

Comments:	Change of CDC/KTL Coating Supplier

Affected products:	NC10MD-LX-B NC3MD-LX-B NC3MD-LX-BAG NC3MD-LX-BAG-SB NC3MD-LX-B-SB NC3MD-LX-HA-BAG NC4MD-LX-B NC4MD-LX-BAG NC5MD-LX-B NC5MD-LX-BAG NC6MD-LX-B NC6MD-LX-BAG NC6MSD-LX-B NC7MD-LX-B

First shipment of modified product:	T28

Engineering Change Notice

As part of our commitment to maintaining high quality standards, we have identified and qualified a new supplier for our cathodic dip coating (CDC) products, also known as KTL. This change provides clear customer benefits. The new coating process provides improved abrasion resistance and enhanced durability of the coated components. Furthermore, the more matte surface finish reduces reflections and improves the visual appearance. There is no change to the chemical composition of the CDC/KTL coating, as both suppliers use the same coating formulation. Product article numbers remain unchanged. Full traceability is maintained through the production code.

OLD
glossy finish

NEW
matte finish
