

STEALTH 18G

SY Stealth HDMI 2.0 Cables are ultra-slim, high-performance HDMI cables designed for AV installations where space, flexibility and reliable signal transmission are critical. Supporting 18Gbps HDMI 2.0 bandwidth, these cables deliver 4K60 4:4:4 video with HDR, making them suitable for modern displays, projectors, AV racks and HDMI distribution systems.

With an ultra-thin 3.4mm cable diameter and flexible construction, Stealth HDMI cables are ideal for installations where traditional HDMI cables are difficult to route, including behind displays, in racks, and within low-profile AV environments. The compact design provides excellent cable management while maintaining full HDMI performance.

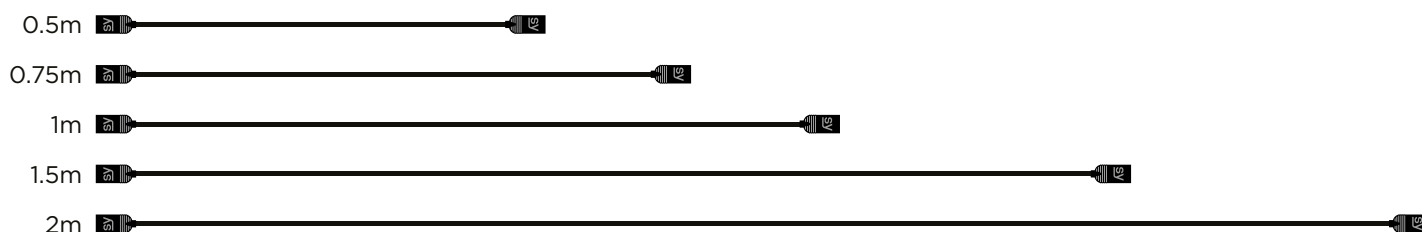

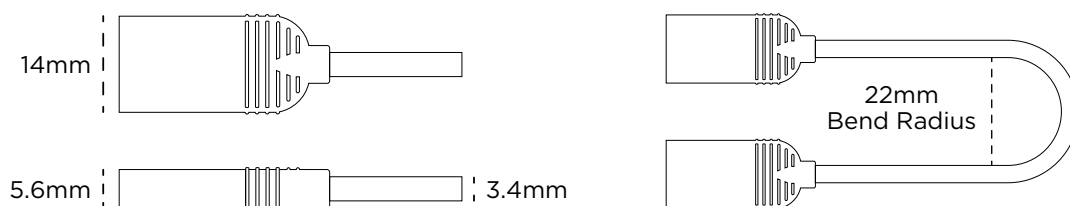

Featuring full metal connector housings for enhanced shielding and durability, Stealth HDMI cables provide protection against RF interference while supporting advanced HDMI features including HDR, Dolby Vision™, HLG, ARC, Ethernet, CEC and HDCP 2.2.

Available in lengths from 0.5m to 2m, SY Stealth HDMI cables are suited for professional AV, residential, IT, CCTV and gaming applications.

FEATURES

- **HDMI 2.0 with 18Gbps bandwidth**
- **Supports 4K60 4:4:4 video**
- **HDR, Dolby Vision™, HLG and HDCP 2.2 compatible**
- **Ultra-slim 3.4mm cable diameter**
- **Flexible design with 22mm bend radius**
- **Lightweight construction**
- **Full metal connector housings**
- **Enhanced shielding for reduced RF interference**
- **Supports ARC, Ethernet and CEC**
- **Available lengths from 0.5m to 2m**

DIMENSIONS

SPECIFICATIONS

PART NUMBER	SY-Stealth-18G
VIDEO RESOLUTIONS/FORMATS	All resolutions to: 3840x2160p @60Hz 4:2:0 to 4:4:4 8/10/12/16bit VESA and SMPTE 480p to 2160p (4K UHD) with 3D All PC VESA mode video format resolutions up to QSXGA @60Hz
HDMI	HDMI 2.0
BANDWIDTH	18Gbps
CONNECTOR	Die cast HDMI type A
SLEEVE	PVC
LENGTHS	0.5m, 0.75m, 1.0m, 1.5m, 2.0m
WEIGHTS	Weight (net) 0.5 - 18g 0.75 - 22g 1.0 - 26g 1.5 - 34g 2.0 - 42g
WHAT'S IN THE PACK	1x Stealth 18G Link in sealed PVC bag
