

## Distributor Notice: Through-Hole LED Product Line Update

June 24, 2026

### Summary of Changes

| Change                          | Effective Date |
|---------------------------------|----------------|
| Shelf Life Extended to 5 Years  | Immediate      |
| MOQ Increased to 5,000 Units    | August 1, 2026 |
| Selected Series Designated NRND | Immediate      |

Dear Valued Distributors,

This notice serves to formally inform you of certain updates to our Through-Hole LED product line.

**Effective as of the date of this notice**, the **shelf life** for **all Through-Hole LED series** will be extended to a period of **five (5) years** from the date of manufacture.

As part of this update, the **minimum order quantity** (MOQ) for all Through-Hole LEDs will be revised to **5,000 units per order, effective August 1**. All purchase orders submitted on or after this date must comply with the updated MOQ requirement.

Furthermore, please be advised that the **5 mm, 1.8 mm, and rectangular LED** series are hereby designated as **Not Recommended for New Design (NRND)**. While these products remain available to support existing applications, customers are strongly encouraged to transition to alternative product solutions for any new designs or future developments.

These modifications are part of our ongoing product lifecycle management and operational optimization initiatives. We reserve the right to make further changes as necessary.

Should you require any clarification or assistance regarding these updates, please contact your authorized company representative.

We appreciate your continued cooperation and support.
