

Spatial Anchor R1

PID: MIKROE-6988

Spatial Anchor R1

A precision spatial tracking device for enterprise, industrial, medical, and research use, designed to be mounted on physical objects for accurate real-time tracking in Apple Vision Pro-powered spatial computing environments.

Compatible with

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
ISO 14001: 2015 certification of environmental management system.
OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
