

Edge-to-Edge Stud Finder

Klein Tools Edge-to-Edge Stud Finder features LED indicators and audible (mutable) alerts to identify stud edges and center. Fast auto-calibration provides reliable performance for detecting wood and metal studs accurately. A backlit one-touch power button indicates when the unit is on, while the compact design, protective guards, and wall-safe pads help improve comfort and protect finished surfaces during use.

Specifications

Type:	Stud Finder	Application:	Detects Metal and Wood Studs Behind Walls, Center and Edge-Finding
Special Features:	Auto-Calibration, Wall Protecting Pads, Easy Grip	Magnetic:	No
