Bourns® Model SM91536AL BMS Transformers

Addition of UL Marking

Riverside, California – June 1, 2026 – Bourns announces that the Model SM91536AL BMS Transformers passed the UL 62368-1 certification and effective August 17, 2026, the UL marking will be added. The affected part number is included below.

Affected Part Number		
SM91536AL-E		
Series	Existing Marking	Revised Marking
SM91536AL-E		

The form of the affected part number will change slightly due to the addition of the UL marking. The fit, function, quality and reliability of the affected transformer will remain the same. Traceability will be maintained through lot code and date code.

Samples are available upon request. Bourns recommends that customers test the affected part numbers in their specific applications for verification of satisfactory performance.

Implementation dates are as follows:

Date that manufacturing of products with existing marking will cease: **August 16, 2026**

Date that deliveries of products with new marking will begin: **August 17, 2026**

First date code using the above changes: **2634**

If you have any questions or need additional information, please feel free to [contact Customer Service/Inside Sales](#).

Users should verify that the described changes will not impact the performance of the product in their specific applications.
