

# PRODUCT UPDATE MEMO

## MAGNETICS

### Bourns® CVH160808, CVH201205, CVH201610, and CVH252009 Series Multilayer Power Chip Inductors *Change to Country of Origin*

Riverside, California – August 21, 2026 – Bourns is standardizing the Country of Origin (“COO”) determination process for the CVH160808, CVH201205, CVH201610, and CVH252009 Series Multilayer Power Chip Inductors where the primary manufacturing country differs from the final processing country.

This change reflects Bourns’ determination that greater weight should be placed on the primary manufacturing processes rather than the final processing steps when determining the applicable COO for these inductors.

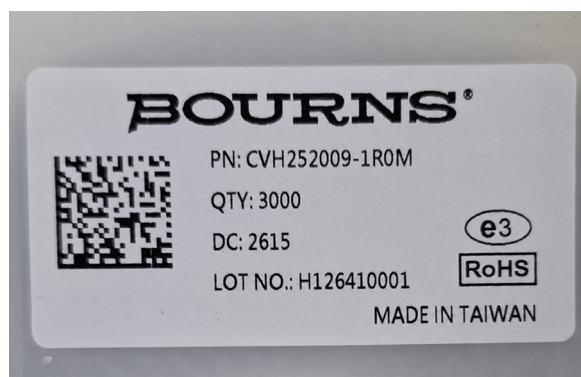

Accordingly, effective December 14, 2026, the COO for the inductors listed below will be updated in all documentation as follows:

| Part Number                    | Existing COO | Revised COO |
|--------------------------------|--------------|-------------|
| <a href="#">CVH160808-1R0M</a> | Taiwan       | China       |
| <a href="#">CVH160808-2R2M</a> | Taiwan       | China       |
| <a href="#">CVH160808-R24M</a> | Taiwan       | China       |
| <a href="#">CVH160808-R47M</a> | Taiwan       | China       |
| <a href="#">CVH201205-1R0M</a> | Taiwan       | China       |
| <a href="#">CVH201205-2R2M</a> | Taiwan       | China       |
| <a href="#">CVH201205-R47M</a> | Taiwan       | China       |
| CVH201610-2R2MR0               | Taiwan       | China       |
| <a href="#">CVH252009-1R0M</a> | Taiwan       | China       |
| <a href="#">CVH252009-1R5M</a> | Taiwan       | China       |
| <a href="#">CVH252009-2R2M</a> | Taiwan       | China       |
| <a href="#">CVH252009-3R3M</a> | Taiwan       | China       |
| <a href="#">CVH252009-4R7M</a> | Taiwan       | China       |
| <a href="#">CVH252009-R47M</a> | Taiwan       | China       |

IC26150

Existing Label

Revised Label

There are no changes to the fit, form, function, quality, or reliability of the affected products. In addition, there has been no change to the locations of the primary processes or the final processes.

This update will impact only the COO reflected on new labels and shipping documents for the affected products.

Bourns will make the certificate of origin available upon request.

**Please plan for the following dates:**

Date that labels and shipping documents reflecting the current COO will cease: **December 13, 2026**

Date that labels and shipping documents reflecting the updated COO will begin: **December 14, 2026**

First date code using the above changes: **2651**
