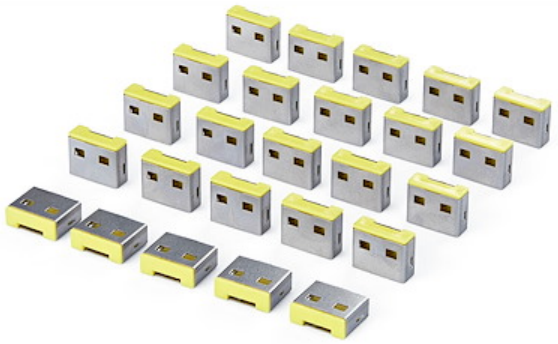
USB-A Port Blocker Replacement Plugs, 25-Pack Spare Latching Inserts for USB-A-PORT-BLOCKER, Snap-In Reusable USB-A Dust Covers for Laptops & Computers

Product ID: 25P-USB-A-BLOCKER



Add or replace USB-A port blockers to help prevent unauthorized access, data theft, and malware attacks. These latching dust cover plugs are designed for use with the compatible USB-A Port Blocker Key (sold separately), providing a visible and effective deterrent in offices, classrooms, and other shared environments.

The snap-in USB-A port blocker plugs allow fast, tool-free installation without interfering with adjacent ports. Simply insert the plug into the USB port to secure it. When access is required, use the compatible security key (USB-A-PORT-BLOCKER) for quick removal and redeployment. The reusable design makes it easy to scale or adjust port control as security needs evolve.

Beyond access control, these replacement plugs function as protective dust covers to shield USB-A ports from debris and buildup. This helps preserve port integrity, maintain consistent performance, and extend the lifespan of laptops and desktop computers in high-traffic deployments.

Certifications, Reports and Compatibility

Applications

• Enables IT teams to physically block unused USB-A ports on laptops and desktops to deter unauthorized devices, helping prevent data theft and malware in shared or high-traffic environments

• Provides a simple, tool-free method to secure and reconfigure USB port access while also protecting ports from dust and debris, helping maintain device reliability in offices, classrooms, and public workspaces

Features

• Protect Sensitive Data: Replace or expand existing USB-A port blocker deployments with a 25-pack of latching USB-A dust cover plugs; Designed for use with the designated security key to help deter unauthorized access, data theft, and malware attacks

• Restrict Port Access: Maintain restricted USB access across laptops and computers in shared or high-traffic environments using reusable replacement port blocker plugs; Ideal for scaling existing port blocker installations

• Deploy in Seconds: Snap these replacement plugs into unused USB-A ports; Remove and reconfigure using the desginated security key as access requirements change

• Keep Ports Clean and Functional: Protect USB-A ports on laptops and computers in offices, classrooms, and public spaces from dust / debris; Locking dust cover plugs act as reusable port protectors help preserve port performance and extend device lifespan

• The IT Pro's Choice: Designed and built for IT Professionals, these USB-A Port Blockers are backed for 2 years, including free lifetime 24/5 multi-lingual technical assistance

General		
	UPC	065030923767
	Package Quantity	25
	Warranty	2 Years
Physical & Environmental		
	Color	Black
	Material	Plastic
	Product Length	0.5 in [12.2 mm]
	Product Width	0.4 in [9.9 mm]
	Product Height	0.2 in [4.5 mm]
	Weight of Product	0.9 oz [25.4 g]
	Operating Temperature	0C to 55C (32F to 131F)
	Storage Temperature	-10C to 60C (14F to 140F)
	Humidity	40-50%
Packaging & In-the-Box		
	Package Width	5.7 in [14.5 cm]

Package Depth	3.9 in [100 mm]
Package Height	0.3 in [8 mm]
Shipping (Package) Weight	0.7 oz [20 g]
