PRODUCT CHANGE **NOTIFICATION**

SIGNAL TRANSFORMERS

Bourns® Model SM91542AL BMS Transformer

Addition of Manufacturing Site

Riverside, California – September 3, 2026 – In order to support our fast-growing demand and enhance continuity of supply, effective December 15, 2026, Bourns will establish an additional manufacturing site in China for the Model SM91542AL BMS Transformer. The affected part number is included below.

Affected Part Number
SM91542AL-E

The additional manufacturing site in China uses the same design, material, and manufacturing process as the existing site. The transformers produced at the additional manufacturing site will meet the same data sheet specifications as the transformers from the existing site. The standard packaging quantity, packing trays, and boxes used at the existing site will remain the same.

The form, fit, function, quality, reliability, and country of origin of the affected part number will remain the same. Traceability will be maintained through lot code and date code.

Samples are available upon request. Bourns recommends that customers test the affected part numbers in their specific applications for verification of satisfactory performance.

Implementation dates are as follows:

Date that deliveries of products manufactured at both manufacturing sites will begin: ***2026-12-15***

First date code using the above changes: ***2651***

If you have any questions or need additional information, please feel free to contact Customer Service/Inside Sales.

Users should verify that the described changes will not impact the performance of the product in their specific applications.
