PCN Title

Factory Installation of Rotating Male Fasteners in Select Backshells

Notification Date

3 September 2026

Implementation Date*

3 September 2026

Part Description

A*, G, GA backshells with E rotating male fasteners; EL backshells with E3 rotating male fasteners

Affected Part Number(s)

See affected parts [list](#)

Change Description

E rotating male fasteners will be shipped installed in A*, G, and GA backshells rather than being separately kitted.

E3 rotating male fasteners will be shipped installed in EL backshells rather than being separately kitted.

This applies to backshell kits and connector assemblies with these configurations.

Reason for Change

Improved customer convenience and ease of use.

Performance Impact

None

Distinguishable Characteristics

Rotating male fasteners will come pre-installed in the backshell, eliminating the need for a separate fastener bag.

Current Design

New Design

*Bag 4, containing retaining clips, will be included only with backshell sizes 4, 5, and 6.

** The implementation date is the projected date that customers may begin to receive changed product. Based on the rate of inventory depletion of current product, the implementation date may be later, but not earlier, than the stated date. Although customers should be prepared to receive changed product on this date, Positronic may continue shipping current product until a time at which the inventory has been depleted. This would result in current product being shipped to customers after the stated implementation date.*
