Dear valued partner,

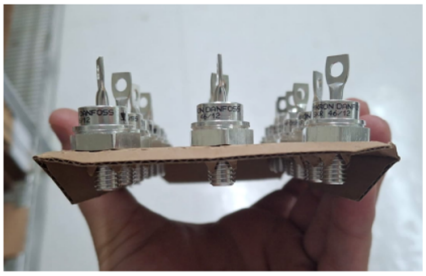

We would like to inform you of a relevant change to the mentioned products and assure you that Semikron Danfoss will work closely with you to support your requirements during this transition. According to the standard J-STD-046 no response to this notification within 30 days after receipt constitutes acceptance of the change.

DETAILS OF CHANGE

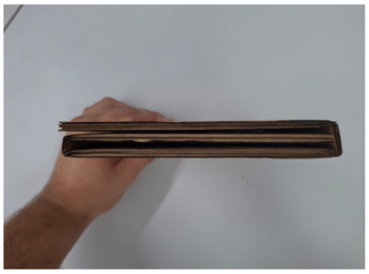

Description:

The standard cardboard is being replaced with a reinforced triple cardboard structure, increasing packaging robustness to transport and humidity.
Diode fixation was also improved, holes in the cardboard used to insert the diodes are being modified from a "star" to a "X" shape, granting better grip over the diode thread.

Current Packaging:
