General Description of Changes
This Product Change Notification (PCN) is to inform you about a component manufacturing location change impacting the part numbers listed in this PCN, from TE Savoy France to TE Savoy Maroc, according to VDA Trigger Matrix No. 29 and AIAG section 3.1 item 4. The change has no impact to form-fit-function. No impact on location of saleable parts. TE Change process follows a strict procedure, which fully maintains quality and ability to supply. Internal release process is ensured by TE, including product validation as per OEM/CAM requirements (when applicable). Validation will be initiated and completed according to project plan, as soon as samples are available. PPAP/PPA and samples will be prepared (as per agreements between the two parties). A request via www.te.com needs to be initiated by Customer in 2 weeks after the creation date of this PCN. In case no request is obtained by the above-mentioned date, PPAP/PPA will be considered as approved, and the change is considered as fully released. Please use the link below for samples and PPAP/PPA requests: Samples PPAP Requests | TE Connectivity

Reason for Changes:
As a result of a thorough analysis of the demand picture, matching our customer needs, we are going to optimize the value stream of part numbers in scope of this PCN. This capacity extension will support the need of our customers for shorter lead times and optimized value streams.
