Re: Engineering Change Notice (Customer Alert) ECN No. : 002-25

Product Changes Involved: (See ticked item)	☒ Plug
	☐ Connector
	☐ Cable
	☐ Others
Description : Current Design	1) 16A EU certified Plug and Socket based on old standard VDE 0620-2-1: 2016-01/2017-09 / IEC 60884-1: 2013 2) 16A EU Generic plugs based on old standard VDE 0620-2-1: 2016-01/2017-09 / IEC 60884-1: 2013
Revised to :	1) 16A EU certified Plug and Socket based on new standard VDE 0620-2-1: 2021-02 / IEC 60884-1: 2022 2) 16A EU Generic plugs discontinue and standardize to V-novus hybrid plug based on new standard VDE 0620-2-1: 2021-02 / IEC 60884-1: 2022
Reason of Change :	To comply with VDE 0620-2-1: 2021-02 / IEC 60884-1: 2022
Detail of Change :	See description
Affect form, fit & function	Yes ☐ No ☒ Sources change only
Affect Safety Approval	Yes (safety approval attained) ☒ see safety renewal status License No. change: Yes ☐ No ☒
	No ☐
Effective Date	Dec-15-2025 (Volex Internal ECN effective date)
Part Number(s) Involved :	1124379, 1124386, 1124392, 2490173

This Engineering Change Notification ("ECN") is subject to and hereby incorporates the Volex Terms of Sale (see: https://www.volex.com/wp-content/uploads/2025/02/Volex-Standard-Terms-Condition-v.F2.pdf), unless otherwise agreed in writing between, and signed by, both parties. For the avoidance of doubt, the Volex Terms of Sale shall take precedence where there is any conflict of terms and shall apply to the exclusion of any other different terms referred to in any document, correspondence or otherwise from the customer. Any additional or different terms to those referred to in this ECN shall be void and shall not apply.
