TRIA AMERICAS PRODUCTS MANUFACTURING UPDATE

Product Change Notification PCN260007

Products Affected:

AES-ZU7EV-1-SOM-I-G

AES-ZU7EV-1-SOM-G

AES-ZU3EG-1-SOM-I-G

AES-ZU3EG-1-SOM-G

AES-ZU2CG-1-C01-I-G

Subject: Qualifying alternate eMMC Suppliers

Reason for Change: Availability of the Western Digital SDINBDG4-8G-XI1 is a source of production delays. For this reason, we have selected compatible devices from alternate suppliers.

ALLIANCE MEMORY INC	ASFC8G31MB-51BIN
ISSI	IS21TF08G-JCLI

Change Description: These devices have been tested and are fully compatible with the Avnet UltraZed SOM modules and meet our factory acceptance tests without any other modifications. We do recommend customers to validate compatibility in your application.

Product Identification: The eMMC device is visible on the top of the SOMs allowing identification of the component supplier.

If you cannot accept this component substitution your local Avnet sales team can discuss using a custom part number to insure you receive
boards with your approved BOM.

Further Questions? Contact customize@tria-technologies.com or your local Avnet Sales office.
