

Over-Spec TOURGUARD Clear Polycarbonate

FRAME

- Wraparound polycarbonate frame
- Integrated side shields and orbital protection
- Economic over-spec
- Can be wear over prescription glasses
- Weight : 21 g.

LENS

- Clear polycarbonate lens
- Optical quality class 1 (no distortion)
- Visible Light Transmittance = 92%

FIELDS OF USE

Protects against :

- Mechanical hazards (marking F - 45m/s)
- solid particles projectiles (metal, wood...)
riveting, grinding, stone cutting, drilling...

DO NOT USE FOR

Does not protect against liquid, dust, laser beam molten metal, or any kind of welding application.

FRAME MARKING

AOS EN166-F

AOS = manufacturer AOSafety
 EN166 = n° of the standard
 F = low impact resistance (45m/s)

EUROPEAN STANDARD

This product conforms to the European Council Directive 89/686/EEC and with the EN166 :1995

EC-Type Examination Certificate n° 148

Issued by Inspec Certification Ltd (0194)
 Upper Wingbury Courtyard, Wingrave, Aylesbury
 Buckinghamshire, HP22LW, England

Conform to EN166

LENS MARKING

AOS . 1 . F

AOS = manufacturer AOSafety
 1 = optical class (permanent wear)
 F = low impact resistance (45m/s)

PRODUCT REFERENCE

Size 56x16
