

# Precision Electronics Side Cutters ESD , with ground screw joint

79 52 125 ESD

79 62 125 ESD

- the assortment for highest standard of performance and results
- precision pliers for ultra fine cutting work, e. g. in electronics and fine mechanics
- precisely ground, sharp cutting edges with very small bevel for exact cutting on delicate components; also without bevel for flush cutting
- cutting edges additionally induction hardened, cutting edge hardness approx. 64 HRC
- electrically discharging version - dissipative
- joint with screw: precise, zero backlash operation of pliers
- precisely finished joint surfaces for smooth, low friction movement along the complete opening range
- low-friction double spring for gentle and even opening
- non-reflective finish
- low weight
- ergonomically shaped, two-colour dual component ESD handles, black/grey
- high quality ball bearing steel, forged

## Model: 79 52 125 ESD

- pointed head, with very small bevel
- with lead catcher - no uncontrolled loss of cut wire ends

## Model: 79 62 125 ESD

- pointed head, without bevel
- with lead catcher - no uncontrolled loss of cut wire ends
